

mirage[®]

PERFECTSCORE[™]
TECHNOLOGY

Engineered products from Mirage feature **PERFECTSCORE[™]** technology. This technology developed after many years of research by our team of experts significantly improves the general structural parameters of our wood flooring and eases installation.

Mirage has broken new ground again, bringing you a selection of innovative, superior quality products with an edge of the competition.

This revolutionary **PERFECTSCORE™** technology gives you:

- **25% improved flexibility;**
- **Much simpler and faster installation;**
- **A flawless appearance.**

You can use boards from the new and previous generations in the same project without any problem.

Contact our Technical Support agents at 1 800 463-1303 for more details.
