The ultimate protection

**mirage**

mirage

Competition

## What can nanotechnology do to improve hardwood flooring protection?

Thanks to this cutting-edge technology, Mirage's finish is made of the smallest particles possible.

Nine times smaller than a hair, each particle molds perfectly to the shape of the hardwood floor, creating the clearest and most flexible finish in the industry.

Two great choices to suit any

*lifestyle*

nanolinx™ HD

### Clearer and highly resistant

- **Five times more** wear resistant than most other residential finishes
- Antimicrobial agents for a more hygienic environment and an easier-to-clean floor
- Well thought out to protect hardwood floors from the snags of everyday life
- Standard protection on all Mirage products (Except for the Flair and Imagine Collections with Duramatt™ finish)

nanolinx™  
COMMERCIAL

### Ultraresistant-Designed for high-traffic and commercial areas

- **50% more** wear resistant than most other commercial finishes
- Antimicrobial agents for a more hygienic environment and an easier-to-clean floor
- Tailor made for commercial areas or busy families, adds extra protection to hardwood floors
- The most crystal clear extra protection finish in the industry
- **Can be added to all Mirage Classic and Engineered products\***

\* Available in Mirage Classic and Engineered products from the Natural, Exotic and Admiration Collections. See your Mirage dealer for more information.
